## EXAMINING TRIAL

Will Breckenridge Given Hearing Before Judge Rice.

Monday afternoon the examining trial of Will Breckenridge, the negro who shot and killed Adrial Jones, at the colored commencement at Lewisburg Friday night, was held in the Police Court room, Judge Rice presiding.

The following witnesses were heard: Charles Coryell, James Griffith, Bob Griffith, Richard Robinson, Henry Foster, Will Sanders, Clarence Thomas, Jim Henry Tibbs, Lonn Ferguson, Will Hall, Dud Cheeks and Russell Turner.

The court room was crowded and had to be cleared several times. In the jostling a large pane of glass was broken in the door to the Mayor's office.

The testimony was of such contradictory nature that it resembled a contest to determine how many stories could be told of one happening. Through all the conflicting evidence there seemed little doubt that the dead man was robbed after the shooting and as he was the winner in the craps game, would seem to bear out this evidence.

Breckenridge was held to the grand jury on a \$300 bond.

## MAYSVILLE MAN RECOGNIZED

This month's Masonic Home Journal has a fine cut of Mr. S. P. Browning, of this city. Mr. Browning is a large factor in Masonic circles and is recognized as such. At the present he is Grand Standard Bearer of the Grand Commandery of Kentucky, Knights Templar. The honors bestowed upon Mr. Browning are in recognition of his sterling worth.

Monday was County Court day and several large trades were made. The streets were crowded and the city had a very busy appearance.

Col. C. L. Rosenham is quite ill from ptomaine poisoning. He is reported better this morning.

## FOR SALE!

Desiring to leave Maysville, will offer for sale one of the most desirable business properties in the city, situated corner Third and Limestone streets, fronting sixty feet on Third street and running back fifty-three feet on Limestone street. There are two store rooms—one occupied as a grocery by the owner, the other as a millinery store by Miss Shepard. Has modern flat of six rooms and two halls over the store rooms. Dwelling house of six rooms and bath, with yard and all conveniences, known as the White Block. Also, two dwelling houses on Sutton street between Second and Third. Frame house of 6 rooms fronting 18 ft. on Sutton street and running back ninety-six feet, with prospects of doubling in value when Mason county builds its new Court House, as the lot adjoining has already been purchased for that purpose, and would give this ninety-six feet frontage on Court House Square. Brick house of twelve rooms and two halls adjoining this property and fronting on Sutton street thirty feet and running back same depth as the other property, has gas and toilet, pays 10 per cent on the amount asked for them.

For Terms Apply To - - M. P. REDMOND

Ladies, we have a lot of  
blue and gray granite ware  
that we must get rid of, as we  
need the space. You can have  
them at your own price.

MIKE BROWN  
The Square Deal Man

## STRAWBERRIES

We are receiving daily the FINEST berries coming to town.  
JUMBO S LTED PEANUTS—You will have to see and taste  
these Peanuts to appreciate the quality.

## "SOIL MANAGEMENT"

Prof. George Roberts Speaks At Court House.

On Monday afternoon Prof. George Roberts, of the State Experimental Station at Lexington, delivered a very interesting, as well as instructive discourse on "Soil Management," at the court house, which was fairly well attended.

Prof. Roberts pointed out, as a result of experiments conducted at the station, the most practical methods of soil management, with a view to rehabilitating worn out soil without interrupting production, and maintaining the highest possible farming efficiency.

At the conclusion of his lecture, Prof. Roberts announced that the Agricultural Department would establish experimental stations in the various counties only upon the application of the counties, and conditioned upon the Department being given a warranty deed to the land turned over to it for experimental purposes; the Department agreeing that, should it ever abandon the land or cease using it for the purposes for which it was given, it should revert to the county. He explained that the Department was not, at any of the stations, attempting to operate a model farm, but was determining the most efficient soil management from a practical farming point of view.

The lecture was not so well attended as it should have been, and it is to be hoped that those interested in farm conditions will take more interest in this great problem of soil management, the solution of which means so much to the whole state.

## NICE BUSINESS.

The business of the E. L. Manchester Produce Company has averaged over \$1,000 a day for the last month. This is the best month's business in the history of this firm, which conducts one of Maysville's biggest businesses, and is recognized all over the country as an authority on produce conditions.

Last year this firm handled as many eggs as there are voters in the United States, and if one hen had the job of laying these eggs, it would take her 12,500 years to accomplish the job.

Mrs. Ernie Ort on Monday afternoon entertained the King's Daughters of the Episcopal church with a luncheon. There were quite a number present.

Euchre tonight at Eagle Hall.

## EARLY MORNING BLAZE

At Maysville Cotton Mills Consumed Ware-room and Binding Room Entailing Loss of About \$25,000

Low Water Pressure and High Winds Handicap Firemen in Their Work—Adjoining Property on Short Street Threatened

This morning about 6:15 o'clock fire was discovered in the ware room of the Maysville Cotton Mills, in the West End, in the rear of the factory, and in a short time the ware room and binding room were burning quite briskly.

The fire department was on the scene within a few minutes after the first alarm was sounded and lost no time in laying six lines of hose into the burning building, the southwest end of which was already a seething furnace.

The fire was discovered by William Tolle, who with George and Elisee Hines looking on, was oiling the engines and preparing the day's run at the big mills. Almost without warning flames burst through the door to the ware room and although these three faithful employees exerted every effort it was soon seen that the flames were beyond their control. Mr. Roderick Duley sent in the alarm, and as stated the department was on the scene in a few moments.

## Low Water Pressure.

Fire Chief Newell and his men were severely handicapped by low water pressure, and there was a stiff breeze blowing at the time, which fanned the flames to added fury and it looked for a time if adjoining buildings must go, but the persistent efforts of the department prevailed and the fire was brought to control without doing damage except to the cotton mill, the south end of which was completely gutted.

There were over 1,000 bales of cotton stored in the ware room, which with the improved machinery lately installed is practically a total loss.

## Heavy Loss.

The loss is estimated at about \$25,000, and is reported to be fully covered by insurance. The big mills employed about 160 people, who will keenly feel the forced idleness, which however, will be only temporary, as there is little doubt that the mill will be replaced without delay.

The Kinney Mac was being repaired and Uncle Bob took its place on fire run. Both machines worked badly in the first big fire we have had since their installation.

This concern does annually more than \$300,000 worth of business, and is headed by Hon. A. M. J. Cochran, as president, and Mr. R. A. Cochran, secretary.

## MRS. BERTHA OSBORNE DIES AT EASTERN KENTUCKY HOSPITAL.

Mrs. Bertha Osborne, of near Dover, was on Monday removed to the Eastern Kentucky Hospital at Lexington, where she died within a few minutes after arriving.

Mrs. Osborne had been in ill health for some time, having been treated upon two previous occasions at the Eastern Kentucky Hospital, and seemed somewhat improved, but several days ago her condition changed for the worse and it was determined to again take her to the hospital to regain her lost health, with the sad result as stated. While Mrs. Osborne did not have any close relatives, she had many friends who will mourn her untimely death.

## MR. BERT ENNIS CRITICALLY ILL.

The many friends of Mr. Bert Ennis, of East Second street, will regret to know that he is critically ill at his home, and hopes of his recovery has been despaired of and his death is expected hourly.

Master James Ross, the popular young son of Mr. and Mrs. J. B. Ross, of East Third street, who was recently operated upon for appendicitis, is improving rapidly and on Monday took an outing on a street car for the first time since the operation.

Mr. and Mrs. C. L. Parson, of Newport, are rejoicing over the birth of a nine-pound daughter. Little Miss Marie Scott arrived on last Thursday and both mother and daughter are doing nicely.

Mr. Samuel N. True, of Dover, candidate for the Democratic nomination for Circuit Clerk, is in the city today in the interest of his candidacy.

Mrs. James W. Fitzgerald continues to improve, and will soon be completely recovered from her recent operation for appendicitis.

Mr. D. F. Hood, of Pine Bluff, was in this city yesterday.

## LUMBER! LUMBER! LUMBER!

We can supply your needs for all purposes. Our stock is selected from the large saw mills of the South where the best of logs are used, which assures you of the best of lumber at the same, or less price than you have been paying.

## J. W. NEWMAN

Commissioner of Agriculture, Speaks At Court House.

State Commissioner of Agriculture J. W. Newman spoke at the court house on Monday afternoon in the interest of his candidacy for gubernatorial honors.

Mr. Newman called upon his hearers to release Kentucky from lawyer rule, and said that since the population, according to the last census, is over 75 per cent rural, a rural or county man should be elected, who would understand the real problems of the state, and be better fitted to urge the legislation necessary to the great farming interests.

Mr. Newman touched on the question of state wide prohibition and announced himself in favor of a submission of the question to the people. He pointed out his past record of ten years' service to the people, in various capacities, and submitted his candidacy on his record.

## PAST GRAND CHANCELLOR DEAD.

On Monday night Grand Chancellor Sherman Arn received word that Hon. Marion B. Hunt, Past Grand Chancellor of Indiana, and President Board of Control, Knights of Pythias Insurance Department, had died at his home in Indianapolis. He will be buried in Winchester, Ind., on Thursday, with full K. of P. honors, the Supreme Chancellor and other Knights of Pythias dignitaries attending.

Mr. W. J. Osborne, of Mt. Olivet, was in this city Monday on business.

The county members of the Daughters of the Confederacy will notice that the state president will be with Mrs. Clarence Wood, at 3 o'clock, on Friday, May 7, and wishes to meet the entire chapter.

Miss Lunny Maude Breeze has accepted a position as stenographer at the Maysville Cotton Mills.

During the month of April the Public Library had 1,334 visitors and 572 books were taken out.

## Spring Vegetable

We are now handling daily Home Grown Lettuce, Radishes, Rhubarb, Kale, New Beets and Green Onions.

DINGER BROS., 107 West Second Street. Phone 20.

## FOOT SOAP

Now's the time to use it. A few cakes left. Will cure those tired feet. Fresh lot Talcum and Face Powders. Keep off the greasy look. Best Ice Cream Soda.

M. F. WILLIAMS, Third Street Drug Store, Phone 91.

## D. HECHINGER & CO.

MAYSVILLE'S BIGGEST AND BEST CLOTHING AND SHOE STORE

## What Kind of an Impression Do You Make?

EVERY DAY YOU MEET PEOPLE. SOME YOU KNOW, SOME ARE STRANGERS. BUT Y LEAVE SOME IMPRESSION, HOWEVER SLIGHT, ON EACH OF THEM.

IF YOU ARE WELL DRESSED THIS IMPRESSION IS MORE FAVORABLE, MORE LASTING.

TO BE WELL DRESSED REQUIRES CAREFUL SELECTION.

CAREFUL SELECTION REQUIRES A VARIETY OF MERCHANDISE, AS WELL AS QUALITY AND THESE ARE BOTH FOUND IN A STORE LIKE OURS.

WHATEVER YOU NEED—SHIRTS, HATS, COLLARS, NECKWEAR, HOSE, UNDERWEAR—YOU FIND A COMPLETE STOCK AND COURTEOUS SERVICE HERE.

## D. HECHINGER & CO.

## SPRAY FRUIT TREES.

Apple, pear and quince trees should be sprayed as soon after the bloom falls as possible—within ten days. Use three pounds "arsenate of lead" to fifty gallons water, add one and one-half gallons lime.

Do this work thoroughly, see that every blossom is touched. Do not spray late of an afternoon, if there is danger of frost. About nine weeks later spray for second brood of "codling moth."

A. M. CASEY,  
County Demonstrator.

## ATTENTION, B. P. O. ELKS.

The D. D. G. E. R., T. G. Stuart, of Winchester, Ky., will make his official visit this Wednesday evening, May 5. All Elks urged to be present.

C. ED. GEISEL, E. R. W. R. SMITH, Sec.

## WAITE GRASS RUGS

Guaranteed Not to Fade

—AT—

HENDRICKSON'S

## AT SMALL EXPENSE

You can furnish your rooms from our stock, with rugs that in design and color will harmonize with any decorations. Rugs that are practical, easily cared for and that will make splendid service records. Room sizes \$8½ to \$38½. Smaller sizes 50c to \$5.

## New Patterns in Dressy Gingham, 10c, 12½c and 15c Yd.

You have no idea how prettily you can make up a popular-priced house gown or an outing dress until you see the dainty new patterns we are offering in toile de nord and imperial chambray.

These lines have been on the market for over twenty-five years and the manufacturers say the spring patterns are by far the cleverest designs they ever brought out.

The colors will not fade from sunlight or laundering.

The fabric has a national reputation for quality.

## SIMPLICITY

It is hardly an exaggeration to class our blouses as a fashion exposition of how charming and smart simplicity can be. The simplicity of white, as that is the chief color. The simplicity of sheer fabrics—Voile, Jap Silk and Crepe de Chine. The simplicity of self trimmings, as little else is used. All prices from \$1 to \$5.

## RUGS

We show more patterns in good rugs than you would expect in a town this size. Our New York office was one of the largest buyers in the recent Carpet Sales in New York. That's why you find better values for less money at the BIG STORE.

## "EAGLE" SILK SHIRTS

They make ideal graduation presents. The fabrics are skillfully made on "EAGLE" looms, and master workmen do the rest. A "Good" Shirt is like a good friend—it outwears the first impression. "EAGLE" Shirts are good. A chance to buy \$3.50 to \$6 Shirts at \$1.50.

## W. R. Z. BROS.

# DAISY!

## The Best Cured Meat in America

If You Will Buy One of These "Daisy" Hams It Will Convince You. It is Sweet, Mild and Delicious. Remember the Brand—"DAISY." "Daisy" Breakfast Bacon Has No Equal.

M. C. RUSSELL CO.

Some mysteries never are solved. For that reason nobody knows why a woman sits flat on the floor when she puts on her stockings.

### HOW MANY MILES OF ROADS HAVE WE?

Washington, May 3.—The United States Department of Agriculture is now gathering information which, when complete, should not only give the total mileage of public roads in the United States and their cost, but should serve as a basis for estimating the relative value of the different kinds of highways. Some 15,000 sets of inquiry blanks have already been distributed through the State Highway Commissions, and some of these are now beginning to come back to the department. Each set consists of four cards.

Of these the first asks for information on the mileage of different classes of roads in the county to which it is sent. The mileage does not include, of course, streets in cities and towns. The roads are divided into ten classes, as follows: brick paved, concrete, macadam with the addition of some substance such as asphalt, oil, or tar, plain macadam, gravel, shell, other hard surfaced roads, sand and clay mixture properly graded and drained, ordinary earth roads properly constructed, and, finally, unpaved roads.

The second card asks for information in regard to the tax rate for the roads and the amount of work and money expended on them.

The third blank is concerned with the names of local road officials, and the fourth with facts in regard to the road issues and the indebtedness of the counties for their road systems.

As there are approximately 3,000 counties in the United States, in many of which the mileage has never been estimated, it is hardly probable that this preliminary survey will be exact. The Department, however, will be able to detect any excessively inaccurate reports for the road mileage per square mile of territory does not vary exceedingly. Except in desert or undeveloped country less than half a mile of public road to every square mile of territory is rare, while in the most thickly populated rural sections the maximum is no more than 2½ or 3 miles. Thus, in France, there is an average for the entire country of 1.76 to square mile. In Italy, however, this has fallen to .86, possibly on account of the mountainous character of much of the peninsula of Sicily and Sardinia.

In America the average is approximately .80 miles, which, in view of the fact that much of the country is sparsely settled, seems unduly high. An explanation, however, is to be found in the fact that in many states the law provides that each section line shall be a public road. Thus, for example, there are in the State of Iowa alone more than 104,000 miles of legal highways, manifestly a much larger mileage than is required by traffic.

When the information in regard to the existing roads which the Department is now seeking is complete, it is the intention to continue the inquiry year after year in order to ascertain the durability and economy of the various kinds of highways. The data thus collected should be useful to road engineers all over the country and it is hoped that county agents and others interested in improvement of agriculture will do their best to facilitate the collection of the desired information.

### RAILROAD SHOPS REOPENED.

Pine Bluff, Ark., May 3.—After a long period of comparative idleness, the shops of the St. Louis Southwestern railroad in this city and at Tyler, Texas, resumed operations on full time today. These are the largest shops on the system and during the summer several hundred men will be kept busy putting engines and cars in good condition to handle the big freight traffic that is expected before next fall.

### KANSAS SUNDAY SCHOOLS

Topeka, Kas., May 4.—Delegates from every section of the state poured into Topeka today for the golden jubilee, or fiftieth annual convention, of the Kansas Sunday School association. The convention will continue several days and will have as speakers Governor Capper, former Governor Hoch, Miss Brockway, of Philadelphia; Marion Lawrence, general secretary of the International Association, and other men and women of prominence.

Rexall's

### STANLEY TO BE SUPPORTED

By Gooch, Campaign Manager For Dr. Cherry, Who Withdrew.

Lexington, Ky., May 3.—W. J. Gooch, of Franklin, who was Prof. H. H. Cherry's campaign manager, was at Frankfort Saturday to hear A. O. Stanley's opening speech. He will support Stanley for the Democratic nomination for Governor.

"I probably have made closer inquiry during the last three weeks concerning this race than any other man in the state, because it was up to me to ascertain the true situation and advise Dr. Cherry, and I find that Stanley is the strongest man of the five now running," Gooch said. "I have no doubt about his winning the nomination if he is able to retain his present strength and I believe he will retain it. I find that the people as a whole irrespective of party affiliations, are resenting the injection of state wide prohibition as an issue in the campaign."

State Auditor Henry M. Bosworth said, with reference to the race for the Democratic nomination for Governor: "I wish to set at rest the story that has been going the rounds that I intend to withdraw. I filed my petition on the primary election ballot and I am in until the finish, feeling that I will be nominated and elected."

### OPEN SCHOOL FOR ANARCHISTS.

New Brunswick, N. J., May 3.—Middlesex county today added to its institutions of learning a school where the rising generation may be taught all the principles of anarchy, "amid pleasant outdoor surroundings." Whether the scientific methods of bomb making and throwing are to be included in the curriculum is not stated in the prospectus. The school is to be conducted in connection with a co-operative farm colony of anarchists located several miles outside of New Brunswick. The Francisco Ferrer Association, with headquarters in New York, is the chief promoter of the project. Their method of education seeks to reconstruct society by creating, as they say, "free men and women" through a proper system of training in their childhood. The children, as a result, are to be taught along modern revolutionary lines, which the Ferrer followers consider thoroughly scientific. The promoters of the school and colony are not adverse to the idea of promoting social life as well, and hence they have selected this vicinity for their colony as being within easy access to New York City, a distance of about thirty miles by rail.

### TO CELEBRATE WATERWAY COMPLETION.

Portland, Ore., May 3.—All of the states of the Pacific northwest are to join hands this week in a big celebration in honor of the completion of the Dalles-Celilo canal, which is regarded as the most important waterway project ever undertaken in this section of the country. The canal provides a continuous free waterway from the Pacific ocean inland a distance of 479 miles to Lewiston, Idaho, on the Snake river, and to Priest Rapids, on the Columbia river, a distance of 450 miles. The completion of the waterway has been deemed of such great importance that a series of celebrations has been arranged by the citizens of the vast area affected. These celebrations are to continue through the entire week, and will include special programs at Lewiston, Portland, Walla Walla, The Dalles, Padden, Vancouver, Astoria and a number of other places.

### BETTER BABIES.

The crusade for better babies has spread from coast to coast, and taken firm hold of American mothers. Few women realize how much the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, which for nearly forty years has been the standard remedy for these ailments.

### TO FIX FLOUR STANDARDS.

Chicago, Ill., May 3.—With a view to arriving at definite conclusions in regard to standards for different kinds of flour, a public hearing was begun in this city today under the joint direction of the Department of Agriculture, the Association of American Dairy, Food and Drug Officials and the Association of Official Agricultural Chemists. Many prominent manufacturers of flour and meal were in attendance.

### TWENTY-FIVE YEARS AGO

James B. Beck, United States Senator from Kentucky, dropped dead in a railway station in Washington, D. C., born in Dumfriesshire, Scotland, February 13, 1822.

### PRICE OF ITALY'S NEUTRALITY.

Washington, May 4.—As the price of peace, Italy is reported to be expecting from Austria-Hungary the surrender of the Dual Monarchy's entire seacoast. These expectations are said to amount to demands as regarding Trent, Trieste, Istria and Fiume. In connection with showing the true significance of such demands, how great is the payment demanded by Italy for her continued neutrality, the National Geographic Society, following its description of Trieste, issued today a statement dealing with Fiume, the sole seaport of the kingdom of Hungary. The statement reads:

"Austria-Hungary carries on its business with the outside world through its great ports, Trieste and Fiume. The future of its over-seas commerce is largely bound up with the development of these cities; for Trieste and Fiume are the New York and Boston of Austria-Hungary, or, better, they are the dual monarchy's Hamburg and Bremen. Fiume is the only outlet of the Hungarian kingdom to free water, and the Hungarians have spent millions of dollars in their endeavor to make it a model port. The great Austrian port and the Hungarian port are keen rivals, and, during the last few years, Fiume has grown somewhat at the cost of its northern neighbor."

"Owing to the deep interest which the Hungarians take in their coast city, the business of Fiume has grown rapidly. There are several harbors; one for coasting vessels, one for timber, and a general harbor, begun in 1872, and capable of accommodating about 200 large vessels. It is protected by a breakwater more than half a mile in length, and is flanked by a great, modern quay more than two miles long. The wharves and elevators are equipped in the most up-to-date fashion for the handling of a huge inflow and outflow of trade. The water-front, as the rest of the city, is lighted by electricity."

"In 1910, Fiume was entered by 17,880 vessels of 3,031,381 tons. In approximate figures, its business totaled \$55,000,000, divided into an export business of \$35,000,000 and an import trade of \$20,000,000. Its trade is thus about one-half that of the port of San Francisco. Its exports consist chiefly of the agricultural products of Hungary, grain, flour, sugar, timber, horses, and some manufactured wares. The principal imports are coal, wine, rice, various minerals, fruit, jute, chemicals, oils and tobacco. There are several industrial establishments in the city, among them Whitehead's torpedo factory, a large paper mill, a royal tobacco factory, flour mills, tanneries and rope factories. The fisheries of the city are important, Quarnero Gulf being filled with food fishes."

"Fiume is picturesquely situated at the head of the Gulf of Quarnero, at the southern base of the Istrian triangle, forty miles southeast of Trieste, or about seventy miles away by the railroad through the mountainous coastland. The city has more than 50,000 population. The Italians constitute the largest part of the populace, and, together with the Slavonians, comprise about ninety per cent. Geographically, Fiume belongs to Croatia. In 1870, however, it finally became a part of the Hungarian kingdom. The Italians, who favor the Hungarians as opposed to the Slavonians, are practically in control of the city's administration."

"Fiume occupies seven square miles of land carved out of Croatia. Around its water-front there is a narrow, level plain upon which the new town is built, with its convenient, modern ground-plan, fine business structures and generally substantial architecture. The old town climbs the hills back from the shore, struggling in a quaint disorder of irregular, narrow streets and hazardous houses. Views of the city and its surroundings from the deck of an approaching steamer are delightful, and there are a number of pleasant tours to be made in the neighborhood. Fiume has been Austrian since 1471."

### NEW DEPARTURE BY CENSUS BUREAU.

Washington.—The Census Bureau has established a new precedent by enumerating, at local request and expense, the population of a city between census years. This was done last month at Tulsa, Okla., under authority of a Presidential order, and as a result the population of that city on April 15, 1915, was officially announced a few days ago as 28,240, exclusive of 1,985 persons living on "Indian lands" located within or adjacent to the city, but politically distinct from it. The increase between 1910 and 1915 was 55 per cent. The work was done by local enumerators under the supervision of Mr. Eugene F. Hartley, an official of the Census Bureau.

The Public Ledger is a daily visit to nearly 800 Mayville homes, and read daily by 4,000 persons in this city. Is your advertisement in it? If it is logical that you lose many chances daily to make a customer.

### LOOK FOR IT HERE

Friday night, just before "Kirmis," a well known gentleman of this city, driving a F— car, came to a stop in West Second street. He stopped the engine and got out of the car. No sooner had he alighted, however, than he was made the object of protests by a number of people who had gathered to enjoy seeing the "actors" and "actresses" going to the stage door, the machine being so placed as to obstruct their view. He very courteously cranked the engine and backed up a few feet. Enter Chief Newell, who pointed out the extreme danger of his new position should "Uncle Bob" be called to a fire, the machine being in the danger zone. Seeing the error of his ways, after having stopped the machine for the second time, Mr. F— Owner cranked up again and went clear across the street and drew up directly in front of Thompson & McAttee's new gasoline station. Again he was requested to remove the car, so it would not interfere with business.

Although we are not mind-readers, it is not difficult to imagine the spirit of a great peace that settled over his mind when he at last cast anchor in a place where he would not be molested after successively cranking, starting, stopping, getting out and leaving the machine for the fourth time.

One day last week a young Third street business man, who had his first lesson in running his auto truck indelibly impressed upon his mind by the stubborn machine's queer capers several times, had managed to engineer it as far east as Commerce street. He was on "Dusty Boulevard," and was nearing Commerce street at a pretty good pace, when the danged thing headed for the water trough, M. B. M., in order to keep the machine from "cleaning up" the trough, made a quick whirl of the steering wheel, and then to his discomfort the danged thing made a header for the barber shop on the northeast corner, and from the way it was going it was evident that a "cleaning up" was about to be made on that corner; but, of course, the unexpected happened and the machine went "dead" before it managed to hit the corner and kill itself. With his Irish wit ready, Martin Guilfoyle, who had taken refuge behind the large electric pole on the southeast corner of "Dusty Boulevard" and Commerce, bawled out, after the machine was running off, "Why don't you get a rope and tie that danged thing, so the people won't have to be hugging telephone poles to keep from being skinned to a corpse?"

### FREEZE GRAPE JUICE NOW.

(New York World.)  
The Department of Agriculture has found a way to concentrate grape juice and help the boom started by Secretary Bryan when he adopted that drink as his strongest beverage. Mr. Bryan is delighted.

"The more the better," he says. The department has a method by which the juice is concentrated into a syrup suitable for use in soft drinks and as an adjunct to cooking.

The method consists in freezing this juice into solid ice, cracking this ice into pieces the size of a walnut and whirling it in a centrifugal machine such as is used in separating molasses from sugar in sugar making.

### QUAKEE QUIPS.

(Philadelphia Record.)  
Many a man has built his success on the foundation of another man's failure.

The truth is elastic. Try to stretch it and it will sometimes fly back and sting you.

You never can tell. Even the ugly man may have a handsome face in the barber shop.

When a man asks for bread and you give him a stone, you shouldn't live in a glass house.

The man who has an ax to grind may feel that is better than turning the grindstone for someone else.

### UPPER PARADE

### FORMER DOVER GIRL'S SUCCESS.

Much lively anticipation was evinced regarding the comedy "What?" composed and directed by Corinna C. Curran, which received its initial production last Thursday evening at St. Paul's M. E. church, Seventh and Smith streets. The demand for tickets attested to the interest which the mystifying title had aroused, and so satisfactory was the performance that its early repetition elsewhere in the city was at once negotiated. The three principal roles were excellently impersonated by Miss Curran, Le Roy A. Franklin and Lulu Mae Outcalt. The following capable members of the cast also deserve special mention: Russell Hendler, Bernard Jones, Mrs. Frank Swormsted, Harriet Rose, Edith Lemon, George Riley, Leola Laughlin, George Schumaker, Owen Outcalt, Mrs. Cooper, Leona Hall, Ada Downey, Mrs. Arthur Grafenham, Elsie Sperber, Ralph Streetmeyer and Robert Houston.

### CHARTERS OF MAYSVILLE CORPORATIONS.

The following articles of incorporation were filed with the Secretary of State, at Frankfort, on Saturday, May 1:

Limestone Lumber Company, Mayville; capital, \$15,000. Incorporators, McAttee Case, S. D. McDowell and C. C. Dohyans.  
Mason Lumber Company, Mayville; increasing capital from \$20,000 to \$30,000.

### MORE PETITIONS FILED.

Frankfort, Ky., May 3.—Candidates who filed nominating petitions with Secretary of State Creswell are: W. C. Hamilton, Mt. Sterling, Democrat, Commonwealth's Attorney, Twenty-fifth District; C. W. Nesbitt, Mt. Sterling, Democrat, Commonwealth's Attorney, Twenty-fifth District; G. J. Jarvis, Pineville, Republican, Representative Ninety-third District; W. B. White, Mt. Sterling, Democrat, Circuit Judge, Twenty-fifth District.

Every wife believes her husband would flirt with other women if he were given opportunity to do so, and she is right about it.

### OVERWORKED MOTHER

Collinsville, Ill.—"I suffered from a nervous break-down and terrible headaches, and was tired all over, totally worn out and discouraged but as I had a large family I had to work despite my suffering. I saw Vinol advertised and decided to try it, and within two weeks I noticed a decided improvement, and now I am a well woman."—Mrs. ANA BECKER.

We guarantee Vinol, our delicious cod liver and iron tonic, to strengthen and build up weak, run-down, overworked mothers.  
John O. Pecor, Druggist, Mayville, Ky. and at leading drug stores everywhere.

### WANTED!

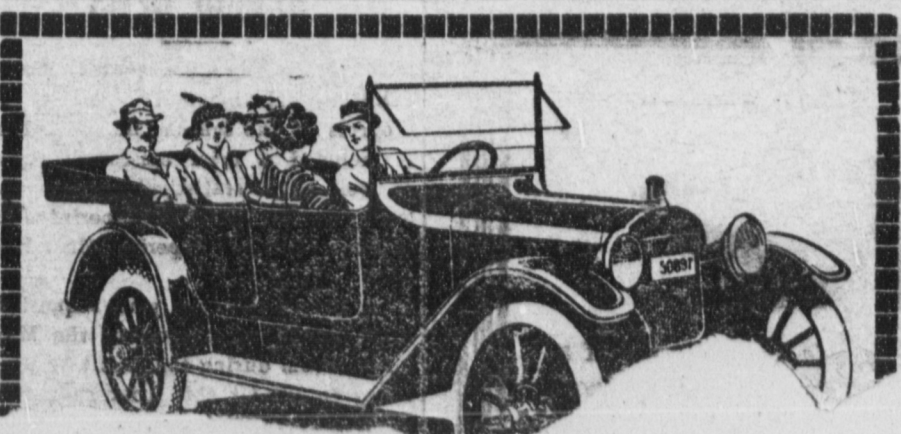

First-Class  
PAINTING AND PAPER HANGING.  
W. R. NICHOLSON.  
Phone 52, Vogle's Grocery.

### AVIATION WEEK AT PARKS' HILL

Mr. Theodore Stockman, the daring aviator, with his 80 horse power Curtis biplane, will give daily exhibitions, except Sunday.  
**SATURDAY, MAY 15, TO SATURDAY MAY 22, INCLUSIVE.**  
Take advantage of the low excursion rates and visit this lovely spot and see Stockman perform his daring feats. After the usual flights and other stunts, he will give a realistic exhibition of a mimic aerial bomb throwing, at tents and soldiers below, who try to bring down the air bird, and the headlong plunge of the aeroplane, in flames, to the earth below, is a most thrilling spectacle.  
Ask your railroad agent for low excursion rates.

### PARKS' HILL CAMP GROUNDS, Myers, Ky.

Parks' Hill is a Railroad Station. All Trains Stop.

### Yes—We Have It

And we honestly believe that  
**Rexall "93" Hair Tonic**  
is the best hair tonic on the market—50c a bottle. Sold only by us.  
Chenoweth Drug Co., Inc.

### BECKHAM AT RICHMOND.

Richmond, Ky., May 3.—Senator-elect J. C. W. Beckham and Judge E. C. O'Rear spoke here Saturday afternoon in the interest of state wide prohibition. The court house was packed with women and men. Several hundred were unable to gain admittance.

Every time home talent gives a minstrel show the people pretty nearly laugh themselves to death.

### BURDENS LIFTED

From Mayville Backs—Relief Proved By Lapse of Time.

Backache is a heavy burden; Nervousness, dizziness, headache. Rheumatic pain, urinary ills; All wear one out. Often effects of kidney weakness. No use to cure the symptoms, Relief is but temporary if the cause remains.

If it's the kidneys, cure the cause. Doan's Kidney Pills are for kidney ills.

Read about your neighbor's case. Here's Mayville testimony. The kind that can be investigated. Mrs. John E. Burns, Mayville, Ky., says: "The statement I gave before when I publicly recommended Doan's Kidney Pills, still holds good. I know that this remedy is just as represented as it has been used by one of my relatives with satisfactory results. Doan's Kidney Pills were procured at Wood & Son's Drug Store."

Mrs. Burns is only one of many Mayville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Burns recommends—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

### Beautiful Home For Sale

Mr. and Mrs. Robert Dawson have placed with us for sale their new home on East Second street, in the Sixth Ward. This home is located on a large lot, 72x150 feet, and running back to Williams street. We will not make any attempt to describe this home in detail. It is built of pressed brick, with hardwood floors, basement under the entire house, slate roofing, hot water furnace, gas all over the house, fact, is modern and complete. It is out, and must be seen to be appreciated. This beautiful home has been admired by all who have seen it, and every Mayvillian is justly such enterprising citizens, as a result of this property. Mr. health is such that his physician closed him to spend his winter in South, and for that reason his home for sale at less than \$6,500.

### Election Notice!

In obedience to the order of the Mason County Court, entered at the March term, 1915, notice is hereby given that an election will be held and poll taken in Mason County, Kentucky, at the usual and regular voting places in each of the precincts on

### Saturday, May 15, 1915

between the hours of 6 o'clock a. m., and 4 o'clock p. m., on said date, at which election all legal voters residing in said precincts shall be given an opportunity to vote by secret ballot on the question whether they are in favor of or opposed to the issuing of bonds to the extent of TWO HUNDRED THOUSAND DOLLARS (\$200,000), for the purpose of building, reconstructing, improving and maintaining public roads and bridges in Mason county.

The order calling said election, specifying its purposes and directing the manner in which same shall be held, is in words and figures as follows:

MARCH TERM, MARCH 1st, 1915.  
MASON COUNTY COURT,  
STATE OF KENTUCKY.

J. M. Finch et als. On Pet' for an-  
It appearing that the petition signed by J. M. Finch and two hundred and fifty others, has heretofore been filed with the Hon. W. H. Rice, Judge of the Mason County Court, asking said Court to make an order at the next regular term thereof directing an election to be held in Mason County, Kentucky, on Saturday, May 15th, 1915, to ascertain whether or not the voters of Mason County are in favor of issuing Two Hundred Thousand Dollars (\$200,000) in bonds for the purpose of building, reconstructing, improving and maintaining the public roads and bridges in said County. It is therefore ordered that an election be held on Saturday, May 15th, 1915, to ascertain whether or not the voters of Mason County are in favor of issuing Two Hundred Thousand Dollars (\$200,000) in bonds for the purpose of building, reconstructing, improving and maintaining the public roads and bridges in Mason County, and it is ordered and directed that J. H. Clarke, Sheriff of Mason County, Kentucky, shall advertise election and purposes thereof to law, for at least ten days prior to said election, and that he cause a paper having the name of Mason

## Straw Season

is now with us. Come in and get a nice, new straw hat. All the latest styles. Diamond crowns, telescopes, Panamrs, Bancocks and sailors. See East window display.

**Prices \$1 to \$5**

**Geo. H. Frank & Co.**  
Maysville's Foremost Clothiers

### BRICK STREETS

**City Council Monday Night Passes Brick Street Ordinance Over Protest of Abutting Property Owners—Other Proceedings**

Council met in regular monthly session Monday night, with Mayor J. West presiding, and all members except Messrs. Easton and Foster present.

Mayor reported that he had collected during the month of April for \$107.

Treasurer Curran reported as follows:

Last month	\$136.34
Receipts during month	5,465.11
Total	\$5,601.45
Expenditures	3,666.48

Leaving balance \$1,934.97

Wharfmaster Phister reported \$43.97 as his collections for the month of April.

The report of the Claims and Accounts Committee was as follows:

Alms and Almshouse	\$251.32
Pensions	76.00
Public Library	25.00
Mason County Health League	25.00
Mission Home	25.00
Colored School Mission	6.25
Gas and Electricity	732.69
Boarding, guarding prisoners	163.29
Miscellaneous	41.55
Salaries	279.11
Police	387.05
Fire Department	507.70
Internal Improvements	320.09

Total \$2,848.46

Fire Chief Newell reported that the department had answered five alarms during the past month. He recommended that fire plugs be located at the following places: One at corner of Sixth and Bank streets in front of the almshouse; one on East Fourth street, in front of Thomas Clooney's residence; one at corner of Houston avenue and Williams street; one at corner of Third and Poplar streets; also that a two-inch stand-pipe be placed at almshouse, with 100 feet of hose.

Building permits were granted as follows:

Mrs. Lida Kilgore, small metal roof veranda on residence on West Second street, First Ward.

John W. Davidson, frame building for storage purposes, on lot on Bank street, Fourth Ward.

Mrs. Lida Kilgore, colonial porch, West Second street, First Ward.

Verner Dryden, room on west side of house on Commerce street, Sixth Ward.

Lee Williams, two-story frame dwelling, store house, stable and other out-buildings, at corner Third and Wood streets, Sixth Ward.

The report of the Propositions and Grievances Committee and the Board of Health as to the matter of getting rid of the garbage, recommended that the refuse be taken to the city lot in the Fifth Ward, where an incinerator will be built, if it doesn't cost too

much; but there was nothing said as to how the garbage was to be gotten to that place, and it is supposed that everybody will be compelled to carry it there. It recommended that numerous sewers be built throughout the city, and some action to be taken in regards to the sewers emptying into the river above the water works pumping station. The report was referred to the chairmen of the Ways and Means Committee, Laws and Ordinances Committee, Internal Improvement Committee and Propositions and Grievances Committee, to report at next regular meeting of Council.

Hensley C. Hawkins was granted an auctioneer's license.

The resignation of Member J. D. Easton, of the Second Ward, was read by Mayor Lee and accepted by Council.

Member Arn introduced the ordinance that was rejected at last meeting to brick Sutton street from Front to Third; Market from Front to Second; Second from Limestone to Bridge; Bridge from Third to Limestone Bridge; Second from the bridge to Carmel street.

Mr. I. M. Lane presented a protest against the bricking of Second street, through the Fifth and Sixth Wards, signed by the following property owners in those two wards:

Fifth Ward—Mrs. I. M. Lane, Clarence Mathews, E. A. Robinson, E. Ryder, Mrs. John Mathews, James F. Dickson, Mrs. T. Y. Nesbitt, Mrs. Rosa Poth, Parker Grimes, C. C. Dobyns, Clarence Mathews and C. C. Dobyns, trustees for W. B. Mathews, P. H. Breen and son, Mrs. Fannie M. Davis, J. J. Lingenfelter, Mrs. Mary C. Lilliston, W. H. Jones, A. Deniston, Mrs. H. H. Collins, Jennie and Laura Potter, Simon Nelson, R. G. Humphreys, A. L. Maddox, C. E. McCarthy, H. W. Blanchard, Mrs. Mary J. Conrad, Mrs. Lillie M. Wells, W. D. Cochran, Dr. D. C. Franklin, Alice E. Bennett, Cincinnati; Mrs. Frank Burgoine, C. Flanagan, Mrs. John R. Rudy and heirs, George H. Frank, Lee Dinger, Mrs. S. B. Clemm, William McGraw, George H. Fisher, P. Devine, George Shipley, Mrs. Lizzie Mason, William Gantley.

Sixth Ward—G. Hunsicker, Laura B. Curry, Jennie E. Stone, S. H. Harrison, John J. Cobb, Mrs. Roe Carr, M. C. Hutchinson, G. W. Hunt, W. L. Wallingford, R. M. Wallingford, M. A. Wallingford, Mrs. John Girvin, W. B. Wallingford, Anna Dieterich, Julia Joerger, George W. Chambers, M. J. Donovan, Mrs. R. B. Griffith, Joseph Coleman, Mrs. Mary D. Bramel, Mrs. G. H. Bishop, T. J. Rice, C. R. Dawson, Dawson Bros., Mrs. John L. Caldwell, R. L. Bramel, W. D. Cochran, P. M. Jacobs, Mrs. Addie Hill, J. C. Dinger, Alice Yazell, C. B. Hellia, John Feister, Mrs. John Duley, J. W. Piper, Almar Dodson, F. G. Hunsicker, Fred Dresel, Chris. Hunsicker, Dode McClanahan, M. H. Harover, Moses Hall, James Hutchinson, G. W. Wallingford. The ordinance was adopted by the following vote: Yeas—Arn, Everett, Hendrickson, Gantley, Greenlee, Keith; nays—Cullen Crowell, Fleming, Hunsicker.

A petition of property owners on Forest avenue, between Commerce and Lexington streets, asking Council for a sewer on that thoroughfare, was read, and it was referred to the same committee the report of the Propositions and Grievances was referred to.

In view of the growing business of the interurban automobile service now coming into and going out of this city, a petition was presented to Council asking permission to erect a depot on Market street Esplanade on the south end, to be paid for by the business men of this city. There are now some fifteen or twenty of these new transportation cars entering this city daily and it is thought a suitable place should be provided as a depot for the numerous passengers who come here to do their shopping and as it now is they have no definite place to go where they can wait for their respective autos. The matter was referred to the same committee that has the Board of Health-Propositions and Grievances Committee report.

The Board of Education asked the City Council to indorse its action in the purchase of the Dinger property

On Second street, adjoining the High School property, which was done.

The matter of shaking the dust out of rugs and carpets by those residing on second and third floors of buildings was petitioned by I. R. Valentine. He asked that an ordinance be drafted to make the people take them ten feet from the buildings. Referred.

Mr. J. D. Easton was placed in nomination to fill the vacancy caused by his resignation. Mr. A. C. Cliney was also placed in nomination. Mr. Easton was elected by a vote of 6 to 4.

Chairman Everett of the Ways and Means Committee asked for two emergency bonds of \$500 each. Granted. He was authorized to take up brick street and sidewalk bonds to the extent of the money on hand.

G. A. McGlone and James Brown asked to be given back \$26 of the \$40 license they paid to run a bowling alley. Tabled.

The Mason Lumber Company asked for a refund of the coal license they paid. It was tabled, too.

Member Gantley asked Council to rent the Hunter bottoms in the Fourth Ward as a playground. It was rented for \$20, and the boys can now play there at any time as long as they don't talk too loud.

A light was authorized to be placed in the alley that runs from Second to Front, in rear of the Joerger property.

Railings were ordered placed on the sides of the steps erected on Lower street, between Second and Third streets.

City Engineer Glazier was allowed \$175.

The Commerce street grade was ordered cleaned.

Member Hendrickson moved the Police Committee purchase summer bonnets for the police force, and it was referred to that committee with power to act; and the same disposition was made as to the firemen.

A copy of the 1915 Kentucky Statutes was ordered purchased.

A new floor covering was ordered placed on the Chief of Police's office. Adjourned.

### SCHOOL NEWS

The State Department of Education publishes the biennial report of the progress of the schools, in which there is included a brief epistolary report, as well as a statistical report. Following is the report of Superintendent Caplinger to State Superintendent Hamlett:

In compliance with your request for a report of the progress of the Maysville schools during the past two years, I beg to submit this brief summary:

Tonight at the High School a contest will be held in the auditorium, to decide which pupils shall represent the Maysville High School in declamation, vocal solo, piano solo, reading, etc., at the annual High School Tournament, to be held at State University, Lexington, May 12, 13, 14 and 15.

Respectfully submitted,  
W. J. CAPLINGER.
